William Levinson discussed his concerns on an erosion issue and a property damage claim. He discussed concerns with ingress and egress, a drain line and the utility easement on his property where a water line is supposed to have 30 inches of dirt on top of it but it is fully exposed. He has spoken with the Bureau of Reclamation and Mr. Levinson suggested that he might need to invoke the easement and have it forfeited if it is not maintained. He also told the Board that the property is sitting on an earthquake fault and if Casitas does not want to accept responsibility for the tank then he wants it removed.

Paul Jenkin, founder of the Matilija Coalition and Campaign for Surfrider mentioned a $3 million dollar grant with the county. They are working on finalizing the sediment transport analysis related to dam removal. They were successful in receiving a $13.4 million dollar grant to replace Santa Ana Bridge in Oak View. Project is moving forward albeit very slowly. Mr. Jenkin suggested that there may be an opportunity to use grant funding to solve existing problems with the Robles diversion. It is time to sit down and think about what we want the diversion to look like. Sedimentation is a reality. Let’s work together and get this done.

9. General Manager comments. Brief announcements and report on District activities.
Mr. Flood thanked everyone for the well wishes after the incident last week. There was a packed house meeting at the Department of Water Resources. Nearly every water agency had multiple representatives. This was the first post Governor Brown meeting on the Water Fix. Agreement in principle has good tools and it was the subject matter of the meeting and was kept intact. It looks like amendment will go forward as it.

Mr. Flood reminded the board of the June 8th budget workshop meeting. I will have a presentation to boil down things that make this budget different and how we are financing the capital improvements.

10. Board of Director Reports on Meetings Attended.

Director Word reported that he attended the AWA meeting and learned about three bills that are working their way through the process including the water tax.

Director Brennan attended AWA water issues meeting. That bill is a two year bill and they are trying to work out those details. He also attended the family and friends day as a recreation committee member at the Casitas Water Adventure. It was impressive to see the staff and quality of the facility. Director Brennan was not at the last Board meeting because he attended the ACWA conference and is the representative for the ACWAJPIA.

11. Board of Director Comments per Government Code Section 54954.2, subdivision (a).

Director Brennan noted that Fox Canyon will go forward with 20,000 AF for $4 million to acquire and release the water. The Fox Canyon board directed legal to come back with an ordinance for some kind of a one-time pumping charge.

Director Baggerly asked for a status from Fisheries on the river and how it relates in in stream flow being presented in the one paragraph in the California water plan and how it is going to affect us. President Kaiser asked if there has been any observation of any steelhead? The Fisheries report that is filed with the regulators can be presented.

Director Brennan added that one of the things from the ACWA conference is on voluntary agreements and the Resource agency is also behind this 110%.

President Kaiser moved the meeting into closed session at 3:55 p.m. with Mr. Mathews adding the reason for the closed session and explaining that the Board would go back into open session following the closed session discussion.

12. Closed Session
a. CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION (Government Code §54956.9(a)
Santa Barbara Channelkeeper v. State Water Resources Control Board, City of San Buenaventura; and City of San Buenaventura v. Abbott et al., Los Angeles County Superior Court, Complex Civil Division, Case No. CPF-14-513875.

President Kaiser moved the meeting back into open session at 4:35 p.m. with Mr. Mathews stating the board met in closed session and received an update on the case and there was no action taken.

President Kaiser adjourned the meeting at 4:36 p.m.
